

economic, safe and easy to use

Containers

IPI has the right container for your liquid product. Manufactured by Schaefer Werke in Germany and Schaefer Sudex in the Czech Republic, the Variotainer® system provides containers for the transportation and storage of a wide range of different liquids. They can be fitted with a variety of different closures and valve systems and all have UN approval. All containers have the option of own-branding and transponder tracking through the use of RFID tags together with Tag Tech hard and software.

Variotainer®

Sudex Variotainer®

Applications

Pharmaceuticals • High purity solvents • Bakery ingredients • Chemicals • Methyl iodide
Engine oils • Petrochemicals • Acetonitrile • Hydraulic oils • Seed treatment
Mining chemicals • Automotive fluids • Herbicides / insecticides • Edible oi

economic, safe and easy to use
